

Kompressor III

Parking Cooler for
FORD F-MAX
(cod. I01.00430-0)

The new VIESA Kompressor III is a **compact, silent** parking cooler with a **low battery consumption** that ensures the maintenance of a cool and healthy environment while stationary.

Made in Italy by

ITAL COLVEN

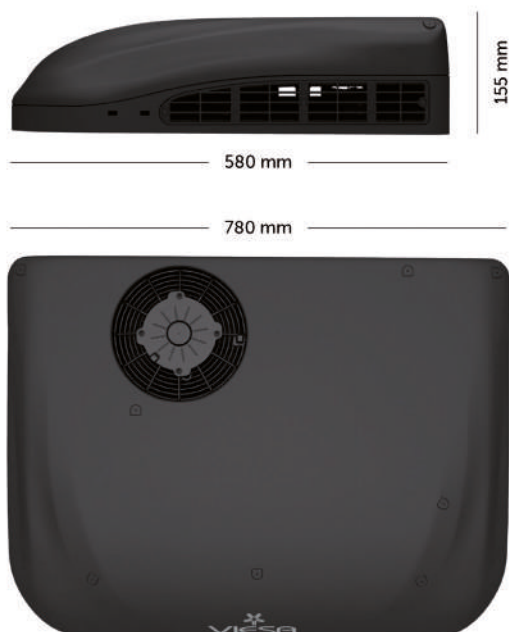

Weighing just 14 kg, it is the lightest on the market and compact in size (780 x 580 x 155 mm).

Installation is fast, with only one technician needed, saving time, labor costs and vehicle downtime.

Viesia Kompressor III is also available with a special paintable ABS cover to match the color of the vehicle.
