

Adventure - 12V Air Conditioners

Plein-Aircon 12V | Basic Diffuser

The 12V mobile air conditioner revolution: Indel B's range of OFF air conditioning systems is synonymous with innovation, efficiency and practicality.

Plein-Aircon is the first 12V air conditioner for camper vans and semi-integrated motorhomes, powered solely by the backup battery, eliminating the need for inverters or generators. Enjoy a comfortable temperature on hot summer days and nights, no matter where you are or while driving.

It cools and dehumidifies campers, vans, and motorhomes up to 6 meters without needing a 220V connection or a combustion backup generator, significantly reducing power consumption and CO2 emissions compared to 220V solutions

Technical features

Refrigerant gas	R134a	Cooling power (W)	1200 (4100 BTU)
12V consumption car (amp/h)	16	12V consumption max (amp/h)	42
External unit dimensions (HxWxD) (mm)	246x670x800	Evaporating unit dimensions (HxWxD) (mm)	57x450x500
Roof slot dimensions (WxD) (mm)	400x400	Net weight (kg)	26
Number of fans	2	Air flow (m3/h)	350
Inrush current (V)	Molto bassa	Certifications	E-Mark, EMC
Connectivity	Prepared	Light	No
Customizable panel	Yes	Remote control	Prepared
